

**Source B for Question 2**

The equity of TN plc at 1 January 2024 was as follows:

	\$
Ordinary share capital (\$2 shares)	400 000
Share premium	23 000
Retained earnings	199 000
	<u>622 000</u>

The following information relating to the year ended 31 December 2024 is available.

- 1 On 15 March, a final dividend for 2023 of \$0.35 per share was paid.
- 2 The ordinary share capital has remained constant for the previous three years. On 16 March, a bonus issue of ordinary shares was made on the basis of one share for every ten shares held. It is company policy to keep its reserves in the most flexible form.
- 3 TN plc issued a 6% debenture (2028) of \$300 000 on 1 January 2022. The company issued another 6% debenture (2030) of \$400 000 on 1 April 2024.
- 4 On 1 May, an interim dividend of \$0.16 per share was paid on all shares in issue on that date.
- 5 Profit for the year amounted to \$180 400.

Question	Answer	Marks
2(c)(ii)	<p><b>Comment on the gearing ratio with reference to the calculations in (c)(i).</b></p> <p>In 2023, 32.54% of capital employed was provided in the form of a long-term loan rather than from shareholders / the company is regarded as low geared. <b>(1)</b>  This ratio increased to 50.10%, in excess of 50% which is regarded as high geared. <b>(1)</b>  A high geared company is perceived as more risky than a low geared company. <b>(1)</b>  TN plc may have difficulty to borrow further funds/ to repay non-current liabilities /have heavy burden on interest payment <b>(1)</b></p> <p><b>Max 4</b></p> <p><b>Accept other valid responses.</b></p>	<b>4</b>
2(d)(i)	<p><b>Calculate the proposed 2024 final dividend per share.</b></p> <p>Dividend for 2024 <math>\\$180\,400/2 = \\$90\,200</math> <b>(1)</b>  <math>\\$90\,200/220\,000 = \\$0.41</math> <b>(1)OF</b>  <math>\\$0.41 - \\$0.16 = \\$0.25</math> <b>(1)OF</b></p>	<b>3</b>
2(d)(ii)	<p><b>Explain why the directors want to increase the dividend cover for 2024.</b></p> <p>To increase the dividend cover means that the directors wish to reinvest more profit into the business <b>(1)</b> that will lead to business expansion <b>(1)</b> and a further increase in profit in the future <b>(1)</b></p> <p>The directors want to be sure that the company will be able to maintain the current level in the future if profit falls / there are less funds available for distribution. <b>(1)</b></p> <p><b>Max 4</b></p> <p><b>Accept other valid responses.</b></p>	<b>4</b>
